

# Andover presents: Andover Open Space Plan

Andover Township is launching its **Open Space Plan** to shape the physical, environmental, and recreational future of the Township. The updated Open Space Plan will provide a framework for enhancing the Township's quality of life through improvements to open space and recreational opportunities.

**Join Us at the Upcoming  
Community Workshop**  
Tuesday, October 26, 5-7pm  
at Township Municipal Building

## What is an Open Space Plan?

A Master Plan provides a guide for the future of open space development, preservation and acquisition.

The Open Space Plan is considered an element of the Township's Master Plan, a document that gives the Township the legal authority to control future development. An Open Space Plan also allows the Township to apply for and receive funding to implement the goals and recommendations of the plan.

The last time Andover Township completed a full Open Space Plan was in 2008. The Township has since re-examined its existing Master Plan. The new Open Space Plan is expected to be complete by the end of 2021.

## Get Involved!

As part of the planning process, we are holding a public meeting in our community, and spreading the word on the new project website. We are talking to residents, businesses, and other stakeholders about the issues you face. We want you to share your ideas!

The Plan covers the following topics related to open space:

- Facility Improvements
- Open Space Acquisition
- Preservation
- Walking/Hiking Trails
- Sustainability
- Environmental Protection

Visit the project website  
& take the survey!
