Dear Mr. McDonald:

Please be advised that freshwater wetlands are suspected in the vicinity of the above-referenced property. The applicant is submitting an application for a *Freshwater Wetlands General Permit 24 Authorization* (GP24) from the New Jersey Department of Environmental Protection (NJDEP). As the local administrative authority, please provide a letter for the GP24 application stating the following:

- A. The proposed activities are authorized under, and comply with, the Department's Standards for Individual Subsurface Sewage Disposal Systems at N.J.A.C. 7:9A; or are in closer compliance with N.J.A.C. 7:9A than the existing conditions;
- B. The proposed activities are not directly or indirectly caused by an expansion of the facility the individual subsurface sewage disposal system serves, or a change in its use;
- C. There is no increase, from the malfunctioning system, in the volume of sanitary sewage estimated in accordance with N.J.A.C. 7:9A-7.4;
- D. The proposed activities are located on the same site as the malfunctioning system, and will disturb no more than 0.25 acres of freshwater wetlands and/or transition areas;
