Block: 151, Lot: 19

Dear Stephanie:

In response to your email requesting the transmission of notices to the names on the certified list and publication in the NJ Herald, please recall that we determined the last time we appeared virtually on this on March 16, 2021, I had requested that the hearing be conducted live and in person once the restriction for virtual Board meetings due to the Corona pandemic eases. At the last meeting it was projected that we would be looking to have this hearing in September, but we would keep this matter on the calendar for April 20 simply as a control date and not for purposes of conducting the appeal hearing. I also clarified at the last meeting that we did not have to get our notices out for the April 20 meeting as the appeal hearing would not be conducted then.

Yours truly,

GARY A. KRAEMER
