1. Introduction

1.1 Community Overview

Andover Township is situated in south-central Sussex County and spans 20.70 square miles in area. Andover Township's neighboring municipalities include the Town of Newton, Andover Borough, Green Township, Fredon Township, Hampton Township, Lafayette Township, Sparta Township, and Byram Township (**Figure 1**). In 2020, the United States Decennial Census reported a population of 5,996 living in the Township.

Andover Township is a rural municipality situated between the local urban centers of the Town of Newton and Andover Borough, which are connected by U.S. Route 206 in the southwestern portion of the Township. Other major roadways include Newton Sparta Road, Andover Sparta Road, Limecrest Road, Stickles Pond Road, Lawrence Road, Warbasse Junction Road, Brighton Road, and Andover Mohawk Road (**Figure 1**).

The Township is part of the Ridge and Valley Region, primarily encompassing the Kittatinny Valley. The Kittatinny Valley has rolling hills and relatively flat topography, primarily supporting residential and agricultural uses. However, the southeastern and eastern portions of the Township border the Highlands Region, which includes more elevated topography and is known for clean drinking water, biodiversity, critical wildlife habitat, and scenic beauty.

The Township has many forested areas, including the centrally located Kittatinny Valley State Park, which also includes Lake Aeroflex. There are also heavily forested areas in the southwest near the Pequest River, the southeast along the border with Byram Township, the east along the border with Sparta Township, and the north near the Sussex Branch Trail along the border with Hampton Township. Other surface water features include Lake Lenape, Clearwater Lake, Lake Iliff, Perona Lake, and Stickle Pond.

Residential areas are scattered throughout the Township, but the largest clusters are located near and along Newton Sparta Road, Andover Sparta Road, Limecrest Road, and Stickles Pond Road. Commercial uses are concentrated along U.S. Route 206 and Newton Sparta Road. Agricultural uses are concentrated along the border of Green Township in the southwest and the border of Lafayette Township in the northeast. The Township also has large golf courses, including Newton Country Club and Farmstead Golf & Country Club.

The Township is located within the PA 4 – Rural Planning¹, PA 4B – Rural Environmentally Sensitive², and PA 5 – Environmentally Sensitive³ State Development and Redevelopment Plan (SDRP) Planning Areas. The largest portion of the Township is located in PA 5, followed by the large east-central area and smaller northern area in PA 4, and scattered fringe areas in PA 4B. The

¹ The PA 4 Planning Area (Rural Planning Area) in the SDRP comprises much of the countryside of New Jersey, where large masses of cultivated or open land surround rural Regional, Town, Village, and Hamlet Centers. Development is highly restricted to maintain farmland and promote a viable agricultural industry, protect the character of existing, stable communities, and accommodate growth, including residential, within Centers.

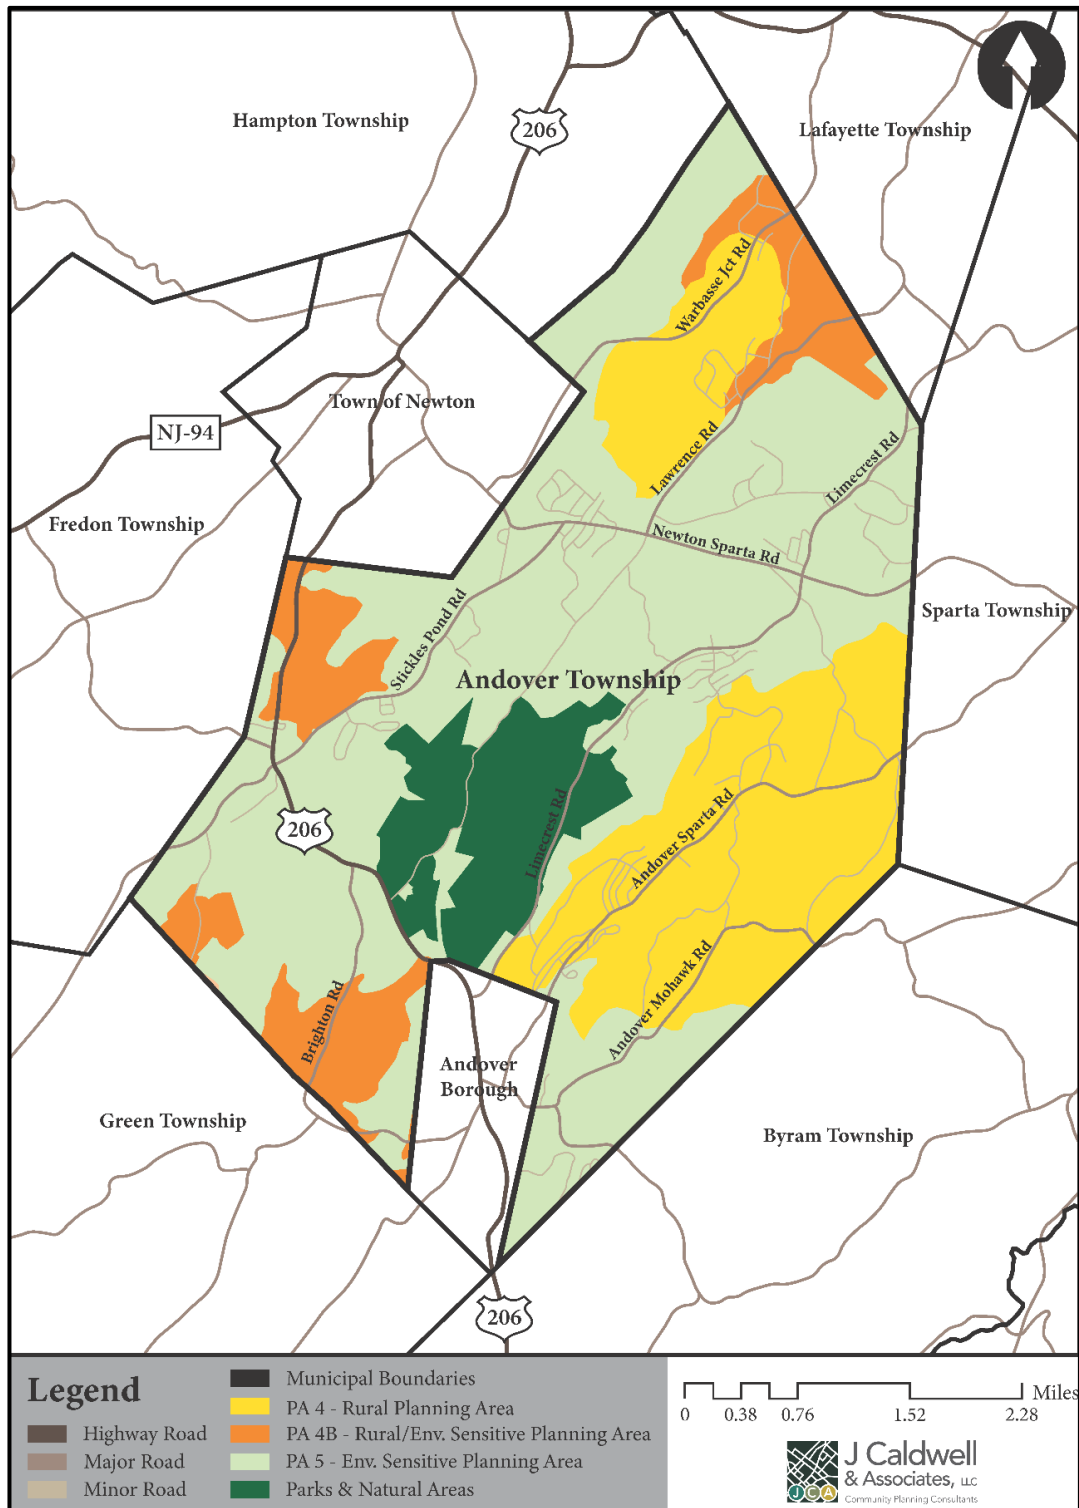

² The PA 4B Planning Area (Rural Environmentally Sensitive Planning Area) in the SDRP includes rural lands with significant environmental features. Development is highly restricted to protect natural resources, with a focus on conservation, low-intensity land use, and limited intensity land use, and limited infrastructure expansion.

³ The PA 5 Planning Area (Environmentally Sensitive Planning Area) in the SDRP consists of lands with critical environmental features, such as wetlands, forests, and habitats. Development is highly restricted to protect ecological integrity, with strict land use controls and limited infrastructure expansion to prevent environmental degradation.

Andover Township Housing Element and Fair Share Plan – Fourth Round 2025-2035

SDRP also distinguishes Parks & Natural Areas of the Township, including a large central area encompassing parts of Kittatinny Valley State Park (**Figure 1**).

1.2 Relationship to Other Plans

Municipal Master Plan

A Master Plan Reexamination Report was completed in 2023, which affirmed the goals and objectives outlined in the 1989 Master Plan and subsequent 1992, 1998, 2000, 2005, and 2010 Master Plan amendments. Before 2023, Reexamination Reports were completed in 1994, 2000, 2005, 2007, 2008, 2010, and 2011. The following goals and objectives are of particular relevance to this Housing Element and Fair Share Plan:

1989 Master Plan Housing Goals

1. To provide for a variety of housing opportunities in appropriate locations;
2. To create the realistic opportunity for the construction of Andover Township's Mt. Laurel obligation;
3. To limit non inclusionary multi-family development to areas where it presently exists (pursuant to the objectives of Mount Laurel II);
4. To relate density of housing development to environmental characteristics and roadway capacity;
5. To create a desirable environment through the adoption of "lookalike ordinances". This is particularly true to smaller lot subdivisions (and multi-family developments);
6. To encourage cluster development on sites which are most appropriate for clustering. Clustering should be encouraged where environmental characteristics of property warrant the cluster option and where continuous open space can be achieved. (Such open space should include lands which do not exhibit constraints as identified in Section 6.1Ab1); and
7. In cluster developments net lot sizes might be smaller than those under conventional zoning.

2005 Master Plan Amendment Objectives for Residential Development

1. Encourage land use planning techniques for residential development to minimize environmental impacts, preserve farmland, secure or control land as open space and minimize future infrastructure maintenance;
2. Provide a variety of housing opportunities for all income levels consistent with the Housing Element;
3. Establish housing densities that relate to the carrying capacity of the land, ambient air standards, water quality and quantity standards, infrastructure, roads, and utilities by promoting resource protection, housing alternatives and interconnected greenways;
4. Preserve the natural features of the Township including the rolling, wooded hill-sides, rock outcroppings, ridge-lines, wetlands, and forested areas; and

5. Discourage development along ridgelines and steeply sloped areas to preserve the visual rural environment.

State Development and Redevelopment Plan (2001)

At the time of the preparation of this Housing Element and Fair Share Plan (HEFSP), the update to the New Jersey State Development and Redevelopment Plan (SDRP) is expected to be completed in late 2025. The last update to the SDRP was adopted in 2001 and identified several goals and objectives for housing, specifically as they relate to the PA 4 – Rural Planning, PA 4B – Rural Environmentally Sensitive, and PA 5 – Environmentally Sensitive Planning Areas. These goals, objectives, and policies, which in part guide the preparation of this HEFSP, are as follows:

1. **Housing:** Provide for a full range of housing choices primarily in Centers at appropriate densities to accommodate projected growth. Ensure that housing in general – and in particular affordable, senior citizen, special needs and family housing – is developed with access to a range of commercial, cultural, educational, recreational, health and transportation services and facilities. Focus multi-family and higher-density, single-family housing in Centers. Any housing in the Environs should be planned and located to maintain or enhance the cultural and scenic qualities and with minimum impacts on environmental resources.
2. **Natural Resource Conservation:** Protect and preserve large, contiguous tracts and corridors of recreation, forest or other open space land that protect natural systems and sensitive natural resources, including endangered species, ground and surface water resources, wetland systems, natural landscapes of exceptional value, critical slope areas, scenic vistas and other significant environmentally sensitive features.
3. **Redevelopment:** Encourage environmentally appropriate redevelopment in existing Centers and existing developed areas that have the potential to become Centers or in ways that support Center-based development to accommodate growth that would otherwise occur in the Environs. Redevelop with intensities sufficient to support transit, a range of uses broad enough to encourage activity beyond the traditional workday, efficient use of infrastructure, and physical design features that enhance public safety, encourage pedestrian activity and reduce dependency on the automobile to attract growth otherwise planned for the Environs.
4. **Public Facilities and Services:** Phase and program for construction as part of a dedicated capital improvement budget or as part of a public/private development agreement the extension or establishment of public facilities and services, particularly wastewater systems, to establish adequate levels of capital facilities and services to support Centers; to protect large contiguous areas of environmentally sensitive features and other open spaces; to protect public investments in open space preservation programs; and to minimize conflicts between Centers and the Environs. Encourage private investments and facilitate public/private partnerships to provide adequate facilities and services, particularly wastewater systems, in Centers. Make community wastewater treatment a feasible and cost-effective alternative.
5. **Intergovernmental Coordination:** Coordinate efforts of state agencies, county and municipal governments to ensure that state and local policies and programs support environmental protection by examining the effects of financial institution lending practices, government regulation, taxation and other governmental policies and programs.

Andover Township Housing Element and Fair Share Plan – Fourth Round 2025-2035

Andover Township strives to ensure the implementation of this HEFSP is consistent with the above-mentioned policies and objectives while respecting existing community characteristics and natural resources.

County Comprehensive Plan

The Sussex County Strategic Growth Plan (SGP) was adopted in 2005 to guide the county's development in a sustainable manner. This HEFSP is consistent with the following goals and policy objectives outlined in the 2005 Sussex County SGP:

1. Minimize sprawl through incentives for density transfer and focus development into designated growth areas (centers); and
2. Expand the range of housing opportunities through judicious planning of service infrastructure.

Surrounding Municipalities' Master Plans

Andover Borough, Sussex County

Andover Borough is surrounded by Andover Township on three sides in the southern part of the Township. The Borough's Master Plan was adopted in 1977 and updated Master Plans were adopted in 1988 and 2017. Reexamination Reports were completed in 1996, 2006, and 2017. This HEFSP does not significantly impact Andover Borough's Master Plan.

Town of Newton, Sussex County

The Town of Newton is located to the northwest of Andover Township. Newton's most recent comprehensive Master Plan Update was prepared in 2008, with Reexamination Reports prepared in 2009, 2014, 2016, and 2019. This HEFSP does not significantly impact Newton's Master Plan.

Byram Township, Sussex County

Byram Township is located to the southeast of Andover Township. Byram's Master Plan was adopted in 1988 and an updated Master Plan was adopted in 2004. Reexamination Reports were completed in 1996, 2002, 2012, and 2022. This HEFSP does not significantly impact Byram Township's Master Plan.

Green Township, Sussex County

Green Township is located to the southwest of Andover Township. A comprehensive Master Plan Update was recently completed in 2025, with Reexamination Reports prepared in 2008, 2018, and also in 2025. This HEFSP does not significantly impact Green Township's Master Plan.

Fredon Township, Sussex County

Fredon Township is located to the west of Andover Township. Fredon Township's Master Plan was adopted in 1975 and updated Master Plans were adopted in 1993 and 2007. Reexamination Reports were completed in 2004, 2013, and 2023. This HEFSP does not significantly impact Fredon Township's Master Plan.

Hampton Township, Sussex County

Hampton Township is located to the northwest of Andover Township. Hampton's most recent Master Plan was adopted in 2002. This HEFSP does not significantly impact Hampton Township's Master Plan.

Lafayette Township, Sussex County

Lafayette Township is located to the north of Andover Township. Lafayette's most recent Master Plan was adopted in 1977. This HEFSP does not significantly impact Lafayette Township's Master Plan.

Sparta Township, Sussex County

Sparta Township is located to the east of Andover Township. Sparta's most recent comprehensive Master Plan was adopted in 1984, with the most recent Master Plan Reexamination Report completed in 2020. This HEFSP does not significantly impact Sparta Township's Master Plan.

1.3 History of Affordable Housing in Andover Township

The New Jersey Supreme Court, in Mount Laurel I (1975) and Mount Laurel II (1983) required all New Jersey municipalities to take affirmative actions toward providing their "fair share" of the region's need for affordable housing for low- and moderate-income households. In response to the Mount Laurel II decision, the New Jersey Legislature adopted the Fair Housing Act (FHA) in 1985. This act created the Council on Affordable Housing (COAH) to assess the statewide need for affordable housing, allocate that need on a municipal fair share basis, and review and approve municipal housing plans aimed at implementing the local fair share obligation. Subsequently, the New Jersey Municipal Land Use Law (MLUL) was amended to require a housing element as a mandatory element of the municipal master plan. According to the MLUL, "a municipality's housing element shall be designed to achieve the goal of access to affordable housing to meet present and prospective housing needs, with particular attention to low- and moderate-income housing (52: 27D-310)."

COAH adopted its Third Round Rules in December 2004. On January 25, 2007, the Appellate Division issued a decision on an appeal of COAH's Third Round regulations. COAH was precluded from issuing Third Round Substantive Certifications until new rules for the Third Round were revised and adopted. On October 8, 2010, the Appellate Division invalidated COAH's Rules in In re Adoption of N.J.A.C. 5:96 & 5:97 by the New Jersey Council on Affordable Housing, 416 N.J. Super. 462 (App. Div. 2010). The decision stated, among other things, that growth share methodology was invalid, and directed COAH to adopt rules utilizing methodologies similar to those used in the First and Second Round Rules. On September 26, 2013 the Supreme Court affirmed the Appellate Division's 2010 decision and remanded COAH to undertake new rulemaking based on COAH's prior round rules and methodologies. COAH failed to formally adopt amended Third Round Rules.

In a 2015 decision known as Mount Laurel IV, the New Jersey Supreme Court divested COAH of jurisdiction of affordable housing, resulting in the process being left to the trial court system. This ruling dissolved the substantive certification process, turning instead to a judicial determination wherein a municipality files for a declaratory judgment action to certify that their Housing Element

Andover Township Housing Element and Fair Share Plan – Fourth Round 2025-2035

and Fair Share Plan has satisfied their Third Round obligation. At the same time, the Court appointed “Mount Laurel” judges for each of the State’s judicial vicinages.

In 2024, New Jersey Legislature passed into law amendments to the Fair Housing Act (N.J.S.A. 52:27D-304.1 et seq. via NJ A4/S50) (“Amended FHA” or “P.L. 2024, c.2”) that abolished and replaced COAH with the Affordable Housing Dispute Resolution Program (“the Program”), and set forth new methodology for the calculations of a municipality’s affordable housing obligations for the Fourth Round and beyond.

Andover Township

Andover Township is in Affordable Housing Region 1, which includes Sussex, Passaic, Bergen, and Hudson Counties.

Prior Round

Andover Township received substantive certification for Rounds 1 and 2 from COAH on January 5, 2000. The Township’s prior round obligation was 55 units. The Township proposed to satisfy this obligation with the PAL’s House group home (four (4) credits + four (4) rental bonuses), and the construction of two municipally sponsored 100% affordable projects at the West View (Rannou Tract) site (14 credits) and St. Paul’s Abbey (23 credits + 10 bonus credits for rentals).

Third Round

Andover Township adopted a Housing Element and Fair Share Plan on December 16, 2008. The petition for substantive certification proposed to address a total fair share obligation of 192 units, of which 55 were Prior Round Units and 137 were Third Round units. The Township did not have a rehabilitation obligation.

The Township proposed to meet its Third Round Fair Share Housing Obligation with four (4) credits and four (4) compliance bonuses from a family rental development at Mulford Road (8 credits total); a market to affordable program (10 credits), and the construction of five (5) 100% affordable projects: West View (12 family credits, 4 age-restricted rental credits and 15 rental bonus credits), St. Paul’s Abbey (18 credits), Phased Family Rental I (25 credits), and Phased Age-Restricted Rental Credits (30 credits).

Andover Township received a determination of completeness for its petition for Third Round Substantive Certification on March 3, 2009. No objections were received during the public comment period ending May 13, 2009. On October 27, 2009, COAH granted Third Round Substantive Certification to Andover Township.

After the Appellate Division decision on October 8, 2010, and the Supreme Court decision on September 26, 2013 (see additional context above), Andover Township filed a declaratory judgement with the court on June 30, 2015. On October 18, 2016, Andover Township submitted its most recent Housing Element and Fair Share Plan to the court for certification of constitutional compliance.

To determine the present and prospective need for affordable housing, Andover Township utilized the methodology provided in the 2015 report “New Jersey Low and Moderate Income Housing Obligations for 1999-2025 Calculated Using the NJ COAH Prior Round (1987-1999) Methodology,” prepared by David N. Kinsey, PhD, FACIP, PP, for the Fair Share Housing Center (hereafter, the “Kinsey Report”). According to the Kinsey Report, the Andover Township obligation

Andover Township Housing Element and Fair Share Plan – Fourth Round 2025-2035

for Prior Round (1987-1999) was 55 units, the present need was 18 units, and the prospective need (1999-2025) was 284 units; thus, the total obligation was 357 units. After reviewing available water and sewer within the municipality, the Township requested a durational adjustment for all units requiring water and sewer; however, mechanisms for some of those credits were proposed pending available water and sewer.

The Township proposed 78 units, with 55 units for the prior round, 23 units for prospective need, and 18 rehabilitation units utilizing its Housing Trust Fund. The Township addressed its prior round and prospective need obligation with group homes, 100% affordable family rental units, inclusionary development, and rental bonuses. As a community that lacks adequate water and sewer capacity, the Township applied a durational adjustment to the municipal housing obligation of 261 units. The Township proposed that the 261 units will be addressed if and when water and sewer become available within the municipality.

Fourth Round

On March 20, 2024, Governor Murphy signed into law Bill A4/S50 (P.L. 2024, c.2), which set forth the rules and regulations governing the Fourth Round (2025-2035) of affordable housing obligations in New Jersey. This law abolished COAH and shifted implementation of the Fair Housing Act to the New Jersey Department of Community Affairs (DCA), creating the Affordable Housing Dispute Resolution Program (the Program).

On October 18, 2024, the DCA prepared and submitted a non-binding report ("DCA Report")⁴ on the Fourth Round affordable housing fair share obligations for all municipalities within the State

⁴ NJ DCA, Affordable Housing Obligations for 2025-2035 (Fourth Round): Methodology and Background, October 2024.

of New Jersey. The DCA indicated that Andover Township's Fourth Round Present Need/Rehabilitation Obligation is 11 units and a Prospective Need of 69 units.

On January 16, 2025, pursuant to P.L.2024, c.2, the Township Committee adopted Resolution 2025-45, committing to its fair share obligation for the Fourth Round (2025-2035). This Resolution set forth the obligation of 11 Present Need (Rehabilitation) units and 69 Fourth Round Prospective Need (2025-2035) units.

Andover Township Housing Element and Fair Share Plan – Fourth Round 2025-2035

1.4 Purpose and Goals

The purpose of this Housing Element and Fair Share Plan is to provide a realistic opportunity to address the housing needs of Andover Township residents across all income levels. This plan proposes multiple opportunities to develop a variety of housing types to meet these needs, which can be integrated into the existing land use pattern and character of the Township. This Plan has been prepared to meet the requirements of the Municipal Land Use Law (MLUL), Fair Housing Act (FHA), the New Jersey State Development and Redevelopment Plan (SDRP), and Bill A4/S50 (P.L. 2024, c.2).

This Housing Element and Fair Share Plan supports the goals of the Township's 2005 Master Plan Amendment Objectives for Residential Development:

1. Encourage land use planning techniques for residential development to minimize environmental impacts, preserve farmland, secure or control land as open space and minimize future infrastructure maintenance;
2. Provide a variety of housing opportunities for all income levels consistent with the Housing Element;
3. Establish housing densities that relate to the carrying capacity of the land, ambient air standards, water quality and quantity standards, infrastructure, roads, and utilities by promoting resource protection, housing alternatives and interconnected greenways;
4. Preserve the natural features of the Township including the rolling, wooded hillsides, rock outcroppings, ridge-lines, wetlands, and forested areas; and
5. Discourage development along ridgelines and steeply sloped areas to preserve the visual rural environment.

1.5 Contents of the Plan

Municipal Land Use Law (N.J.S. § 52:27D-310) and the Fair Housing Act (P.L. 1985, c.222) require that the Housing Element and Fair Share Plan include the following:

- a. An inventory of the municipality's housing stock by age, condition, purchase or rental value, occupancy characteristics, and type, including the number of units affordable to low- and moderate-income households and substandard housing capable of being rehabilitated, and in conducting this inventory the municipality shall have access, on a confidential basis for the sole purpose of conducting the inventory, to all necessary property tax assessment records and information in the assessor's office, including but not limited to the property record cards;
- b. A projection of the municipality's housing stock, including the probable future construction of low- and moderate-income housing, for the next ten years, taking into account, but not necessarily limited to, construction permits issued, approvals of applications for development and probable residential development of lands;
- c. An analysis of the municipality's demographic characteristics, including but not necessarily limited to, household size, income level, and age;

Andover Township Housing Element and Fair Share Plan – Fourth Round 2025-2035

- d. An analysis of the existing and probable future employment characteristics of the municipality;
- e. A determination of the municipality's present and prospective fair share for low- and moderate-income housing and its capacity to accommodate its present and prospective housing needs, including its fair share for low- and moderate-income housing, as established pursuant to section 3 of P.L.2024, c.2 (C.52:27D-304.1);
- f. A consideration of the lands that are most appropriate for construction of low- and moderate-income housing and of the existing structures most appropriate for conversion to, or rehabilitation for, low- and moderate-income housing, including a consideration of lands of developers who have expressed a commitment to provide low- and moderate-income housing;
- g. An analysis of the extent to which municipal ordinances and other local factors advance or detract from the goal of preserving multigenerational family continuity as expressed in the recommendations of the Multigenerational Family Housing Continuity Commission, adopted pursuant to paragraph (1) of subsection f. of section 1 of P.L. 2021, c. 273 (C.52:27D-329.20);
- h. For a municipality located within the jurisdiction of the Highlands Water Protection and Planning Council, established pursuant to section 4 of P.L. 2004, c. 120 (C.13:20-4), an analysis of compliance of the housing element with the Highlands Regional Master Plan of lands in the Highlands Preservation Area, and lands in the Highlands Planning Area for Highlands-conforming municipalities. This analysis shall include consideration of the municipality's most recent Highlands Municipal Build-Out Report, consideration of opportunities for redevelopment of existing developed lands into inclusionary or 100 percent affordable housing, or both, and opportunities for 100 percent affordable housing in both the Highlands Planning Area and Highlands Preservation Area that are consistent with the Highlands regional master plan; and
- i. An analysis of consistency with the State Development and Redevelopment Plan, including water, wastewater, stormwater, and multi-modal transportation based on guidance and technical assistance from the State Planning Commission.

2. Demographic Characteristics

2.1 Population

Population change, 1990-2020

In 1990, Andover Township had a population of 5,424, with a substantial 11.2% increase between 1990 and 2000, a minor increase of 4.7% between 2000 and 2010, and a decrease of 5.1% between 2010 and 2020. By 2020, the Township had a population of 5,996, representing a total increase of 572 residents since 1990. Compared to the growth rate of Sussex County and New Jersey, Andover Township saw slightly higher growth rates between 1990 and 2010. Between 2010 and 2020, the Township mirrored the negative growth rate of Sussex County. The Township population is likely to remain relatively stable with only slight year-over-year increases from infill and single lot development.

Household Size and Type

Between 2000 and 2020, the U.S. Decennial Census reported an increase in occupied housing units, where 1,890 units were reported in 2000 and 2,076 in 2020. One-person households increased between each decade whereas two-person, three-person, and four-or-more-person households saw increases between 2000 and 2010 but decreases between 2010 and 2020. Two-person households comprise over a third of the Township's households. Three-person households are less common. Across the County and State, there has been a gradual increase in the number of occupied housing units from 2000 to 2020, where one-, two-, and three-person households grew while the four-or-more-person households declined.

Andover Township Housing Element and Fair Share Plan – Fourth Round 2025-2035

Land Available for New Construction and Redevelopment

The potential for large-scale new development in the Township is restricted by a lack of developable land and/or there is a general lack of sewer and water infrastructure to support new development. Looking at historic trends combined with the limited availability of developable land in the Township, it is unlikely there will be substantive increases in the number of new housing units. Nonetheless, the Andover Township has eight (8) residential zone districts that range in lot area and intensity of development but focus primarily on single-family development. However, the Township's single-family residential zones also permit uses other than single-family detached dwellings, including agriculture, farm or horticulture uses, community shelters, family day-care centers, golf courses, and public parks, playgrounds, conservation areas, and municipal facilities.

R-0.5 Single-Family Residential Zone

The R-0.5 Zone permits a 20,000-square-foot minimum lot area, 120-foot minimum lot width, 1,000-foot minimum floor area, and very small setback requirements.

R-1.0 Single-Family Residential Zone

The R-1.0 Zone permits a 43,560-square-foot minimum lot area, 200-foot minimum lot width, 1,250-foot minimum floor area, and minor setback requirements.

R-2 Single-Family Residential Zone

The R-2 Zone permits an 87,000-square-foot minimum lot area, 200-foot minimum lot width, 1,500-foot minimum floor area, and moderate setback requirements. There is also a lot averaged development option for any tract of 25 acres or more in size, which decreases the minimum lot area to 43,560 square feet and slightly decreases the setback requirements, but the total number of lots cannot exceed the number of lots obtained using the conventional zoning.

R-2.5 Single-Family Residential Zone

The R-2.5 Zone permits a 109,000-square-foot minimum lot area, 200-foot minimum lot width, 2,000-foot minimum floor area, and high setback requirements. There is also a lot averaged development option for any tract of 25 acres or more in size, which decreases the minimum lot area to 54,500 square feet and slightly decreases the setback requirements, but the total number of lots cannot exceed the number of lots obtained using the conventional zoning.

R-3 Single-Family Residential Zone

The R-3 Zone permits a 130,700-square-foot minimum lot area, 300-foot minimum lot width, 2,000-square-foot minimum floor area, and high setback requirements. There is also a lot averaged development option for any tract of 25 acres or more in size, which decreases the minimum lot area to 63,350 square feet and slightly decreases the setback requirements, but the total number of lots cannot exceed the number of lots obtained using the conventional zoning.

SR Special Residential Zone

The SR Zone permits a 5-acre minimum lot area for nursing homes, with a maximum density of 3,630 square feet of land for each bed. The Zone is special for permitting nursing homes, but it also permits single-family dwellings and uses similar to that of other residential zones.

Andover Township Housing Element and Fair Share Plan – Fourth Round 2025-2035

MFR Multifamily Residential Zone

The MFR Zone permits a 5-acre minimum lot area for garden apartments. All garden apartments must be served by common water and sewer, and the maximum density permitted ranges for each type of garden apartment. For example, one-bedroom garden apartments have a maximum density of 6,223 square feet, while three-bedroom garden apartments have a maximum density of 10,890 square feet. The MFR Zone also permits single-family dwellings and uses similar to that of other residential zones.

ML Mount Laurel Zone

Chapter 190 Zoning, Section 38 of the Township code defines the purpose of the ML Zone as follows: “It is the intent of the ML Zone regulations to provide a realistic opportunity for the construction of a variety of housing types and income levels in the Township, particularly low- and moderate-income housing by providing specific land use regulations addressing those needs. These regulations are designed to implement the affordable housing strategies set forth in the Andover Township Housing Element and Fair Share Plan, dated December 16, 2008, which is a component of the Township’s Master Plan and which has received substantive certification from the Council On Affordable Housing (COAH) on October 26, 2009. Any provisions of this chapter or any other ordinance in conflict with the ML zoning regulations and which impose higher standards not related to health and safety shall be inapplicable.”

The ML Zone permits a 20-acre minimum tract size with a maximum density of six (6) units per gross acre. Low- and moderate-income housing units must be integrated throughout the development, and the units shall be at least equally accessible to common open space and community facilities.

Multigenerational Housing

P.L. 2021, c. 273 established the Multigenerational Family Housing Continuity Commission (the Commission) and assigned the Commission the responsibility of preparing and adopting, “...recommendations on how State government, local government, community organizations, private entities, and community members may most effectively advance the goal of enabling senior citizens to reside at the homes of their extended families, thereby preserving and enhancing multigenerational family continuity, through the modification of State and local laws and policies in the areas of housing, land use planning, parking and streetscape planning, and other relevant areas” (N.J.S.A. 52:27D-329.20f[1]). Municipalities are now required to provide an analysis of the extent to which local ordinances advance or detract from these recommendations. At the time this Housing Element and Fair Share Plan is being prepared, no such recommendations have been published by the Commission. The Township should consider methods to encourage multigenerational housing in existing residential zones.

Andover Township Housing Element and Fair Share Plan – Fourth Round 2025-2035

4. Fair Share Plan

4.1 Plan Purpose and Goals

This Fair Share Plan describes the specific ways in which Andover Township will meet its Fourth Round affordable housing obligations, and is compliant with the Fair Housing Act (FHA), Fourth Round regulations (“Amended FHA”), and Affordable Housing Dispute Resolution Program Directive #14-24. The overall goal of this Fair Share Plan is to provide a framework for the Township to provide for its fair share of the present and prospective regional need for low- and moderate-income housing for the period of 2025 through 2035.

4.2 Determination of Housing Need

Prior Round Obligation (1987-1999)

Rounds 1 and 2 of affordable housing in New Jersey are known collectively as the Prior Round. The Prior Round Obligation was the municipal new construction obligation from 1987 through 1999. Andover Township had a Prior Round obligation of 55 units and received Substantive Certification for Round 1 and Round 2 on January 5, 2000.

Third Round Obligation (1999-2025)

The Third Round encompassed the years 1999 through 2025. Andover Township’s Third Round prospective need obligation during this time period was 284 units and the present need (rehabilitation share) obligation was 18 units. The Township received Substantive Certification for the Third Round on October 18, 2016.

Andover Township addressed its Prior and Third Round obligations through the following mechanisms:

4.3 Proposed Mechanisms for Prior Round and Third Round

Mulford Road

In the Prior Round, Andover proposed four (4) units of 100 percent affordable family rentals at the Mulford Road site. The Andover Township Planning Board approved a preliminary major subdivision for the property owned by Mulford Road, LLC in 2005. The subdivision proposed 22 market-rate rental units with a set-aside of four (4) affordable rental units. On July 21, 2009, the Township Land Use Board granted a Preliminary Major Site Plan approval to the developer, Sussex and Warren Holdings. This project is eligible for eight (8) credits of affordable housing units.

West View/Rannou Tract

In the Prior Round, Andover proposed a 100 percent affordable development on a 13.5 acre site on Stickles Pond Road known as West View. On December 8, 2008, the Township Committee approved Resolution #R2008-200 authorizing the execution of an agreement with the owners to designate the property as an affordable housing site. On October 6, 2009, the Township Land Use Board granted preliminary major subdivision and site plan approval to this project to construct a total of 33 units: 15 affordable family rental units and four buildings containing 18 affordable age-restricted rental units. This project is eligible for 54 credits of affordable housing units.

Alma Lane

Alma Lane Associates proposed the development of four (4) rental units affordable to low- and moderate-income households. On February 2, 2010, the Township Land Use Board granted Preliminary Major Subdivision Approval and Preliminary & Final Site Plan approval to the project. The Township Land Use Board granted further minor subdivision approvals to this project at their April 7, 2015 hearing. This project is eligible for eight (8) credits.

Pal's House Group Home

Pal's House is a 4-bedroom group home operated by Prime Care, Inc. The group home is existing and is eligible for eight (8) credits.

Fourth Round Obligation (2025-2035)

Andover Township has a Fourth Round present/rehabilitation need obligation of **11 units** and a prospective need obligation of **69 units**.

4.5 Proposed Mechanisms for the Fourth Round

On October 18, 2024, NJDCA published local and regional affordable housing obligations pursuant to P.L.2024, c.2. proposing that Andover Township has a Fourth Round present need, or rehabilitation, obligation of **11 units** and a prospective need of **69 units**. On January 16, 2025, the Township Committee adopted Resolution #R2025-45, accepting the obligations as proposed by NJDCA.

The Township proposes to continue the municipal rehabilitation program to address present need. There are several approvals for affordable housing that were in place for the Third Round that remain in place, and two (2) new inclusionary zones proposed to meet a portion of the Township's affordable housing obligation. The remainder of the obligation is proposed to be durationally adjusted due to a lack of water and sewer in the Township.

Municipal Rehabilitation Program

The Township of Andover plans to continue its municipal rehabilitation program rehabilitate its Fourth Round rehabilitation need obligation of 11 units. The program is funded by the Township's Housing Trust Fund and proposes to complete rehabilitation of units over the next 10 years. The development fee ordinance is in place and additional funds will be obtained as development occurs.

99 Mulford Road Inclusionary Zone

The Township Committee approved Resolution R 2023-129 on September 21, 2023, adopting the recommendation of the Township Land Use Board to declare Block 108, Lot 1.05 as a Condemnation Area In Need of Redevelopment pursuant to Local Redevelopment and Housing Law, N.J.S.A. 40A:12A-1 et seq. ("LRHL"). On December 5, 2024, the Committee adopted the 99 Mulford Road Redevelopment Plan. The Committee then designated LWM Predevelopment, LLC as the Redeveloper of the property. Per the Redevelopment Plan, the site will accommodate no less than 18 units of affordable housing. The site has an existing on-site sewer treatment facility.

AHCO – Andover Hamlet Center Overlay (St. Paul's Abbey)

Andover Township adopted the Route 206 Redevelopment Plan in March of 2022 pursuant to Redevelopment Law. Amendments were adopted in November of 2022 and June of 2023. The AHCO – Andover Hamlet Center Overlay Zone is one provision within this Redevelopment Plan that encompasses the former Saint Paul's Abbey property and surrounding parcels. Per the Redevelopment Plan, any housing proposed within the Hamlet Center that results in a density of more than six (6) units per acre and a total of six (6) or more units shall provide a 15 percent set-aside for affordable rental housing and a 20 percent set-aside for affordable for-sale housing. Redevelopment of the AHCO Zone is anticipated to generate up to 229 affordable rental units or 305 affordable for-sale units based on 507 acres within the AHCO Overlay Zone. A total of 57.85 acres are within the sewer service area in the AHCO Overlay Zone, that would generate up to 53 rental units and 70 for sale units.

One project in the AHCO Zone was approved for development on May 6, 2025. The project will include 15 affordable units.

and

WHEREAS, rather, pursuant to N.J.S.A. 52:27D-304.1 of the FHA, each municipality is required to determine its respective Fourth Round present and prospective need fair share obligations, and adopt a binding resolution describing the basis for the municipality's determination on or before January 31, 2025; and

WHEREAS, in addition to the foregoing, nothing in P.L. 2024, c. 2 requires or can require an increase in the Township's Round 4 Present or Prospective Need Obligations based on a successful downward challenge of any other municipality in the region since the plain language and clear intent of P.L. 2024, c.2, is to establish, for example, unchallenged numbers by default as of March 1, 2025; and

Appendix B – Ordinances

§ 190-32.2. Development fees. [Added 4-13-2005 by Ord. No. 2005-7; amended 5-11-2009 by Ord. No. 2009-16]

A. Purpose.

- (1) In *Holmdel Builder's Association v. Holmdel Township*, 121 N.J. 550 (1990), the New Jersey Supreme Court determined that mandatory development fees are authorized by the Fair Housing Act of 1985 (the Act), N.J.S.A. 52:27D-301 et seq., and the State Constitution, subject to the Council on Affordable Housing's (COAH's) adoption of rules.
- (2) Pursuant to P.L.2008, c.46 section 8 (N.J.S.A. 52:27D-329.2) and the Statewide Non-Residential Development Fee Act (N.J.S.A. 40:55D-8.1 through 8.7), COAH is authorized to adopt and promulgate regulations necessary for the establishment, implementation, review, monitoring and enforcement of municipal affordable housing trust funds and corresponding spending plans. Municipalities that are under the jurisdiction of the Council or court of competent jurisdiction and have a COAH-approved spending plan may retain fees collected from nonresidential development.
- (3) This section establishes standards for the collection, maintenance, and expenditure of development fees pursuant to COAH's regulations and in accordance with P.L.2008, c.46, Sections 8 and 32-38. Fees collected pursuant to this section shall be used for the sole purpose of providing low- and moderate-income housing. This section shall be interpreted within the framework of COAH's rules on development fees, codified at N.J.A.C. 5:97-8.

B. Basic requirements.

- (1) This section shall not be effective until approved by COAH pursuant to N.J.A.C. 5:96-5.1.
- (2) Andover Township shall not spend development fees until COAH has approved a plan for spending such fees in conformance with N.J.A.C. 5:97-8.10 and N.J.A.C. 5:96-5.3.

C. Definitions. The following terms, as used in this section, shall have the following meanings:

AFFORDABLE HOUSING DEVELOPMENT — A development included in the Housing Element and Fair Share Plan, and includes, but is not limited to, an inclusionary development, a municipal construction project or a one-hundred-percent affordable development.

COAH or THE COUNCIL — The New Jersey Council on Affordable Housing established under the Act which has primary jurisdiction for the administration of housing obligations in accordance with sound regional land use consideration in the state.

DEVELOPER — The legal or beneficial owner or owners of a lot or of any land proposed to be included in a proposed development, including the holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land.

DEVELOPMENT FEE — Money paid by a developer for the improvement of property as permitted in N.J.A.C. 5:97-8.3.

EQUALIZED ASSESSED VALUE — The assessed value of a property divided by the current average ratio of assessed to true value for the municipality in which the property is situated, as determined in accordance with sections 1, 5, and 6 of P.L.1973, c.123 (N.J.S.A. 54:1-35a through N.J.S.A. 54:1-35c).

GREEN BUILDING STRATEGIES — Those strategies that minimize the impact of development on the environment, and enhance the health, safety and well-being of residents by producing durable, low-maintenance, resource-efficient housing while making optimum use of existing infrastructure and community services.

D. Residential development fees.

(1) Imposed fees.

- (a) Within the Andover Township district(s), residential developers, except for developers of the types of development specifically exempted below, shall pay a fee of 1.5% of the equalized assessed value for residential development, provided no increased density is permitted.
- (b) When an increase in residential density pursuant to N.J.S.A. 40:55D-70d(5) (known as a "d" variance) has been permitted, developers may be required to pay a development fee of 6% of the equalized assessed value for each additional unit that may be realized. However, if the zoning on a site has changed during the two-year period preceding the filing of such a variance application, the base density for the purposes of calculating the bonus development fee shall be the highest density permitted by right during the two-year period preceding the filing of the variance application. Example: If an approval allows four units to be constructed on a site that was zoned for two units, the fees could equal 1 1/2 of the equalized assessed value on the first two units; and the specified higher percentage up to 6% of the equalized assessed value for the two additional units, provided zoning on the site has not changed during the two-year period preceding the filing of such a variance application.

(2) Eligible exactions, ineligible exactions and exemptions for residential development.

- (a) Affordable housing developments, developments where the developer is providing for the construction of affordable units elsewhere in the municipality, and developments where the developer has made a payment in lieu of on-site construction of affordable units shall be exempt from development fees.
- (b) Developments that have received preliminary or final site plan approval prior to the adoption of a municipal development fee ordinance shall be exempt from development fees, unless the developer seeks a substantial change in the approval. Where a site plan approval does not apply, a zoning and/or building permit shall be synonymous with preliminary or final site plan approval for this purpose. The fee percentage shall be vested on the date that the building permit is issued.
- (c) Development fees shall be imposed and collected when an existing structure undergoes a change to a more intense use, is demolished and replaced, or is expanded, if the expansion is not otherwise exempt from the development fee

requirement. The development fee shall be calculated on the increase in the equalized assessed value of the improved structure.

- (d) Single-family additions less than 1,000 square feet shall be exempt from paying a development fee.
- (e) One- and two-family owner-occupied residential structures demolished and replaced as a result of a fire, flood or natural disaster shall be exempt from paying a development fee.

E. Nonresidential development fees.

(1) Imposed fees.

- (a) Within all zoning districts, nonresidential developers, except for developers of the types of development specifically exempted, shall pay a fee equal to 2.5% of the equalized assessed value of the land and improvements, for all new nonresidential construction on an unimproved lot or lots.
- (b) Nonresidential developers, except for developers of the types of development specifically exempted, shall also pay a fee equal to 2.5% of the increase in equalized assessed value resulting from any additions to existing structures to be used for nonresidential purposes.
- (c) Development fees shall be imposed and collected when an existing structure is demolished and replaced. The development fee of 2.5% shall be calculated on the difference between the equalized assessed value of the preexisting land and improvement and the equalized assessed value of the newly improved structure, i.e., land and improvement, at the time final certificate of occupancy is issued. If the calculation required under this section results in a negative number, the nonresidential development fee shall be zero.

(2) Eligible exactions, ineligible exactions and exemptions for nonresidential development.

- (a) The nonresidential portion of a mixed-use inclusionary or market rate development shall be subject to the development fee of 2.5%, unless otherwise exempted below.
- (b) The fee of 2.5% shall not apply to an increase in equalized assessed value resulting from alterations, change in use within existing footprint, reconstruction, renovations and repairs.
- (c) Nonresidential developments shall be exempt from the payment of nonresidential development fees in accordance with the exemptions required pursuant to P.L.2008, c.46, as specified in the Form N-RDF "State of New Jersey Non-Residential Development Certification/Exemption." Any exemption claimed by a developer shall be substantiated by that developer.
- (d) A developer of a nonresidential development exempted from the nonresidential development fee pursuant to P.L.2008, c.46 shall be subject to it at such time the basis for the exemption no longer applies, and shall make the payment of the nonresidential development fee, in that event, within three years after that event or

after the issuance of the final certificate of occupancy of the nonresidential development, whichever is later.

- (e) If a property which was exempted from the collection of a nonresidential development fee thereafter ceases to be exempt from property taxation, the owner of the property shall remit the fees required pursuant to this section within 45 days of the termination of the property tax exemption. Unpaid nonresidential development fees under these circumstances may be enforceable by Andover Township as a lien against the real property of the owner.

F. Collection procedures.

- (1) Upon the granting of a preliminary, final or other applicable approval for a development, the applicable approving authority shall direct its staff to notify the construction official responsible for the issuance of a building permit.
- (2) For nonresidential developments only, the developer shall also be provided with a copy of Form N-RDF "State of New Jersey Non-Residential Development Certification/Exemption" to be completed as per the instructions provided. The developer of a nonresidential development shall complete Form N-RDF as per the instructions provided. The construction official shall verify the information submitted by the nonresidential developer as per the instructions provided in the Form N-RDF. The Tax Assessor shall verify exemptions and prepare estimated and final assessments as per the instructions provided in Form N-RDF.
- (3) The construction official responsible for the issuance of a building permit shall notify the local Tax Assessor of the issuance of the first building permit for a development which is subject to a development fee.
- (4) Within 90 days of receipt of that notice, the municipal Tax Assessor, based on the plans filed, shall provide an estimate of the equalized assessed value of the development.
- (5) The construction official responsible for the issuance of a final certificate of occupancy notifies the local assessor of any and all requests for the scheduling of a final inspection on property which is subject to a development fee.
- (6) Within 10 business days of a request for the scheduling of a final inspection, the municipal assessor shall confirm or modify the previously estimated equalized assessed value of the improvements of the development; calculate the development fee; and thereafter notify the developer of the amount of the fee.
- (7) Should Andover Township fail to determine or notify the developer of the amount of the development fee within 10 business days of the request for final inspection, the developer may estimate the amount due and pay that estimated amount consistent with the dispute process set forth in subsection b. of section 37 of P.L.2008, c.46 (N.J.S.A. 40:55D-8.6).
- (8) Fifty percent of the development fee shall be collected at the time of issuance of the building permit. The remaining portion shall be collected at the issuance of the certificate of occupancy. The developer shall be responsible for paying the difference

between the fee calculated at building permit and that determined at issuance of certificate of occupancy.

(9) Appeal of development fees.

- (a) A developer may challenge residential development fees imposed by filing a challenge with the County Board of Taxation. Pending a review and determination by the Board, collected fees shall be placed in an interest-bearing escrow account by Andover Township. Appeals from a determination of the Board may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, N.J.S.A. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.
- (b) A developer may challenge nonresidential development fees imposed by filing a challenge with the Director of the Division of Taxation. Pending a review and determination by the Director, which shall be made within 45 days of receipt of the challenge, collected fees shall be placed in an interest-bearing escrow account by Andover Township. Appeals from a determination of the Director may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, N.J.S.A. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

G. Affordable Housing Trust Fund.

- (1) There is hereby created a separate, interest-bearing housing trust fund to be maintained by the chief financial officer for the purpose of depositing development fees collected from residential and nonresidential developers and proceeds from the sale of units with extinguished controls.
- (2) The following additional funds shall be deposited in the Affordable Housing Trust Fund and shall at all times be identifiable by source and amount:
 - (a) Payments in lieu of on-site construction of affordable units;
 - (b) Developer-contributed funds to make 10% of the adaptable entrances in a townhouse or other multistory attached development accessible;
 - (c) Rental income from municipally operated units;
 - (d) Repayments from affordable housing program loans;
 - (e) Recapture funds;
 - (f) Proceeds from the sale of affordable units; and

SPENDING PLAN

INTRODUCTION

The Township of Andover, Sussex County, has prepared a Housing Element and Fair Share plan that addresses its regional fair share of the present and prospective affordable housing need in accordance with the Municipal Land Use Law (MLUL), the Fair Housing Act (FHA), the regulations of the Council on Affordable Housing (COAH) and recent decisions by the Courts.

A development fee ordinance creating a dedicated revenue source for affordable housing following state guidelines was adopted in April 2005, which was later amended in 2009. The ordinance established a fee of 1.5% of equalized assessed value for new residential construction. The ordinance established the need for a Township of Andover Affordable Housing Trust Fund. All development fees, payments in lieu of constructing affordable units on site, funds from the sale of units with extinguished controls, and interest generated by affordable housing fees are deposited in a separate-interest-bearing affordable housing trust fund account for the purposes of affordable housing. This Spending Plan supersedes any prior adopted spending plans.

The Township of Andover has prepared this Spending Plan (2025) to guide the allocation of funds within the Township of Andover Affordable Housing Trust Fund. As of December 31, 2024, the Township of Andover has \$80,676.13 funds in its Affordable Housing Trust Fund. The funds shall be spent in accordance N.J.A.C. 5:97-8.7-8.9 as described in the sections that follow.

REVENUES FOR CERTIFICATION PERIOD

To calculate a projection of revenue anticipated during the period of Fourth Round substantive certification, the Township of Andover considered the following:

 - 1. Nonresidential projects which have had development fees imposed upon them at the time of preliminary or final development approvals;
 - 2. All nonresidential projects currently before the planning and zoning boards for development approvals that may apply for building permits and certificates of occupancy; and
 - 3. Future development that is likely to occur based on historical rates of development.
- (b) Payments in Lieu (PIL): Payments in Lieu of development into the Township's Housing Trust are permitted in some cases as part of Andover Township's Code.
- (c) Other funding sources: The Township reserves the option to pursue various public funding options to support its municipal rehabilitation program.
- (d) Projected interest: Interest on the projected revenue in the municipal affordable housing trust fund at the current average interest rate is 0.5% based on prevailing interest rates for savings accounts.

Overview

All affordable units are required to be affirmatively marketed using the Township of Andover's Affirmative Marketing Plan. An Affirmative Marketing Plan is a regional marketing strategy designed to attract households of all majority and minority groups, regardless of race, creed, color, national origin, ancestry, marital or familial status, gender, affectional or sexual orientation, disability, age, or number of children to housing units which are being marketed by an Administrative Agent or a developer, sponsor, owner or property manager of affordable housing. The primary objectives of an Affirmative Marketing Plan are to target households who are least likely to apply for affordable housing, and to target households throughout the entire housing region in which the units are located.

The Township of Andover provides this Affirmative Marketing Plan for any affordable housing within the Township. Individual projects may develop their own affirmative marketing plan in compliance with this plan.

Every Affirmative Marketing Plan must include all of the following:

1. Publication of at least one advertisement in a newspaper of general circulation within the housing region;
2. Broadcast of at least one advertisement by radio or television throughout the housing region; and
3. At least one additional regional marketing strategy such as a neighborhood newspaper, religious publication, organizational newsletter, advertisement(s) with major employer(s), or notification through community and regional organizations such as non-profit, religious, and civic organizations.

For each affordable housing opportunity within the Township of Andover, the Affirmative Marketing Plan must include the following information:

1. The address of the project and development name, if any;
2. The number of rental units;
3. The price ranges of the rental units;
4. The name and contact information of the Municipal Housing Liaison, Administrative Agent, property manager, or landlord;
5. A description of the Random Selection method that will be used to select applicants for affordable housing; and
6. Disclosure of required application fees, if any.

Advertisements must contain the following information for each affordable housing opportunity:

1. Location of the units;
2. Directions to the units;
3. Range of prices for the units;
4. Size, as measured in bedrooms, of units;

5. The maximum income permitted to qualify for the housing units;
6. The locations of applications for the housing units;
7. The business hours when interested households may obtain an application for a housing unit; and
8. Application fees, if any.

Regional Preference

The Township of Andover has provided that households that live or work in Housing Region #1 (comprised of Bergen, Hudson, Passaic, and Sussex Counties) shall be selected for an affordable housing unit before households from outside of this region. Units that remain unoccupied after households who live or work in the region are exhausted, may be offered to the households outside the region.

Implementation

The affirmative marketing process for affordable units shall begin at least four months prior to expected occupancy. In implementing the marketing program, the Administrative Agent shall undertake all of the strategies outlined in the Township of Andover's Affirmative Marketing Plan. Advertising and outreach shall take place during the first week of the marketing program and each month thereafter until all the units have been sold. Applications for affordable housing shall be available in several locations in accordance with the Affirmative Marketing Plan. The time period when applications will be accepted will be posted with the applications. Applications shall be mailed to prospective applicants upon request.

All newspaper articles, announcements and requests for applications for low- and moderate-income units will appear in the following daily regional newspapers/publications when units are available and there is no wait list for existing units and when any new units may be constructed in the future:

1. The New Jersey Herald
2. The Township Journal
3. The Daily Record
4. The Star Ledger

The primary marketing will take the form of at least one (1) press release sent to the above publications and a paid display advertisement in each of the above newspapers. Additional advertising and publicity will be on an as-needed basis. The advertisement will include a description of the:

1. Location of the units;
2. Directions to the units;
3. Range of prices for the units;
4. Size, as measured in bedrooms, of units;

A random selection method to select occupants of very low-, low- and moderate-income housing will be used by the Administrative Agent, in conformance with N.J.A.C. 5:80-26.16 (I). The Affirmative Marketing Plan shall provide a regional preference for very low-, low- and moderate-income households that live and/or work in Housing Region #1, comprised of Bergen, Hudson, Passaic, and Sussex Counties. Pursuant to the New Jersey Fair Housing Act (C.52:27D-311), a preference for very low-, low- and moderate-income veterans duly qualified under N.J.A.C. 54:4-8.10 may also be exercised, provided an agreement to this effect has been executed between the developer or landlord and the Township of Andover prior to the affirmative marketing of the units.

The Administrative Agent shall administer the Affirmative Marketing Plan. The Administrative Agent has the responsibility to income qualify very low-, low- and moderate-income households; to place income-eligible households in very low-, low- and moderate-income units upon initial occupancy; to provide for the initial occupancy of very low, low and moderate income units with income qualified households; to continue to qualify households for re-occupancy of units as they become vacant during the period of affordability controls; to assist with outreach to very low-, low- and moderate-income households; and to enforce the terms of the deed restriction and mortgage loan as per N.J.A.C. 5:80-26-1, et seq.

The Administrative Agent shall provide or direct qualified very low-, low- and moderate-income applicants to counseling services on subjects such as budgeting, credit issues, mortgage qualifications, rental lease requirements and landlord/tenant law and shall develop, maintain and update a list of entities and lenders willing and able to perform such services. In addition, it shall be the responsibility of the Administrative Agent to inform owners of affordable units and prospective occupants of affordable units of the Borough's affordability assistance programs and to assist with the implementation of such programs.

All developers/owners of very low-, low- and moderate-income housing units shall be required to undertake and pay the costs of the marketing of the affordable units in their respective developments, subject to the direction and supervision of the Administrative Agent.

The implementation of the Affirmative Marketing Plan for a development that includes affordable housing shall commence at least 120 days before the issuance of either a temporary or permanent certificate of occupancy. The implementation of the Affirmative Marketing Plan shall continue until all very low-, low- and moderate-income housing units are initially occupied and thereafter upon the re-sale or re-rental of an affordable unit for as long as an affordable unit remains deed restricted.

The Administrative Agent shall provide the Affordable Housing Liaison with the information required to comply with monitoring and reporting requirements pursuant to the Borough's adopted Affordable Housing Ordinance.

An applicant pool will be maintained by the Administrative Agent for re-rentals.

1. When a re-rental affordable unit becomes available Administrative Agent will select applicants from the applicant pool and, if necessary, the unit will be affirmatively marketed as described above. The selection of applicants from the applicant pool is described in more detail in this manual under the section **Random Selection & Applicant Pool(s)**.

Random Selection & Applicant Pool(s)

The following is a description of the random selection method that will be used to select occupants for low- and moderate-income housing:

There will be a period in which to complete and submit applications. Households that have completed applications in that timeframe and have been determined that they are income eligible will be randomly selected to establish an order (service list) in which they will be evaluated by the Administrative Agent for the available unit(s). A copy of the first page of the applications will be folded and placed in a container of sufficient size to allow the applications to be randomly mixed. Once mixed, all applications will be drawn one by one from the container until none are left. The first application drawn will be the first position on the service list, and so on.

At least two people will be present during a random selection and both will sign the resulting service list as having participated and/or witnessed the random selection. Once the applicant is placed on the service list, they shall remain in that position until they are served or asked to be withdrawn from the list. Applicants on the service list shall not be a part of any future random selections. If the household on the list is not of an appropriate household size, income or does not live or work in the Housing Region, that applicant will be skipped and the next applicant household with sufficient income will be evaluated for the available unit. This will continue until a properly sized household with sufficient income or purchase or rent the unit is reached.

The applicant household will be required to submit a complete application to establish their eligibility as defined by the Fair Housing Act. If the end of the service list is reached before an appropriately-sized household that lives or works in the New Jersey Housing Region is identified the Administrative Agent will review skipped households in the order of the random selection. Households that live or work in the Housing Region that are smaller than the ideal household size, as defined by the Township's Affordable Housing Ordinance, will be considered next.

Any applicants that are skipped for size, income or regional preference will remain on the list and continue to be considered for future restricted units in the order in which they were selected in the random selection.

Unless applicants ask to be removed from the list or become ineligible for assistance, or are unresponsive to our communications, they will remain on the service list. Therefore, these applicants will not need to be in future random selections. Instead, the service order created by future random selections will be placed at the end of the service list set by all prior random selections.

If there are sufficient names remaining on the service list to fill two years of resales and rentals, the applicant pool may be closed by the Administrative Agent. The Administrative Agent will notify the Township in writing if it intends to close the waiting list. Any households calling or writing to express their interest in an affordable home will be directed to call back on a future date determined by the Administrative Agent. When the applicant pool is being depleted to a point where there is not a sufficient number of people to fill two (2) years of re-sales or rentals, the Administrative Agent will re-open the pool and conduct a new random selection process after fulfilling the affirmative marketing requirements. The service list established by subsequent random selection shall be added to the end of the previous service list.

Initial Randomization

Applicants are selected at random before income-eligibility is determined, regardless of household size or desired number of bedrooms. The process is as follows:

1. After advertising is implemented, applications are accepted for 120 days.
2. At the end of the period, sealed applications are selected one-by-one through a lottery (unless fewer applications are received than the number of available units, then all eligible households will be placed in a unit).
3. Households are informed of the date, time and location of the lottery and invited to attend.
4. An applicant pool is created by listing applicants in the order selected.
5. Applications are reviewed for income-eligibility.
6. Ineligible households are informed that they are being removed from the applicant pool or given the opportunity to correct and/or update income and household information.
7. Eligible households are matched to available units based upon the number of bedrooms needed (and any other special requirements, such as [regional preference or] the need for an accessible unit).
8. If there are sufficient names remaining in the pool to fill future re-rental, the applicant pool shall be closed.
9. When the applicant pool is close to being depleted, the Administrative Agent will re-open the pool and conduct a new random selection process after fulfilling the affirmative marketing requirements. The new applicant pool will be added to the remaining list of applicants.

Randomization After Certification

Random selection is conducted when a unit is available, and only certified households seeking the type and bedroom size of the available unit are placed in the lottery. The process is as follows:

1. After advertising is implemented, applications are accepted for 120 days.
2. All applications are reviewed and households are either certified or informed of non-eligibility. (The certification is valid for 180 days, and may be renewed by updating income-verification information.)
3. Eligible households are placed in applicant pools based upon the number of bedrooms needed (and any other special requirements, such as regional preference or the need for an accessible unit)
4. When a unit is available, only the certified households in need of that type of unit are selected for a lottery.
5. Households are informed of the date, time, and location of the lottery and invited to attend.

6. After the lottery is conducted, the first household selected is given 3 days to express interest or disinterest in the unit. (If the first household is not interested in the unit, this process continues until a certified household selects the unit.)
7. Applications are accepted on an ongoing basis, certified households are added to the pool for the appropriate household income and size categories, and advertising and outreach is ongoing, according to the Affirmative Marketing Plan.

Matching Households to Available Units

1. In referring certified households to specific restricted units, to the extent feasible, and without causing an undue delay in occupying the unit, the Administrative Agent shall strive to implement the following policies:
 - a. Maximum of two person per bedroom;
 - b. Children of same sex in same bedroom;
 - c. Unrelated adults or persons of the opposite sex other than husband and wife in separate bedrooms;
 - d. Children not in same bedroom with parents;
 - e. Provide an occupant for each unit bedroom;
 - f. Provide children of different sex with separate bedrooms;
 - g. Require that all the bedrooms be used as bedrooms; and
 - h. Require that a couple requesting a two-bedroom unit provide a doctor's note justifying such request.

In no case shall a household be referred to an affordable housing unit that provides for more than one additional bedroom per household occupancy as stated in the policies above.

The Administrative Agent cannot require an applicant household to take an affordable unit with a greater number of bedrooms, as long as overcrowding is not a factor.

A household can be eligible for more than one unit category, and should be placed in the applicant pool for all categories for which it is eligible.
