§199-102 Municipality-wide Mandatory Set-Aside

- A. A development, other than single-family detached, providing a minimum of five new housing units at a density of six units to the acre or more created through any municipal rezoning or Zoning Board action, use or density variance, redevelopment plan, or rehabilitation plan that provides for densities at or above six units per acre, is required to include an affordable housing set-aside of 20%.

§199-103 New Construction.

- A. Per the definition of “New Construction,” this section governs the creation of new affordable housing units regardless of the means by which the units are created. Newly constructed units may include new residences constructed or created through other means.
- B. The following requirements shall apply to all new or planned developments that contain very low-, low- and moderate-income housing units. To the extent possible, details related to the adherence to the requirements below shall be outlined in the resolution granting municipal subdivision or site plan approval of the project to assist municipal representatives, developers and Administrative Agents.
- C. Completion Schedule (previously known as phasing). Final site plan or subdivision approval shall be contingent upon the affordable housing development meeting the following completion schedule for very low-, low- and moderate-income units. Such schedule shall apply to the entirety of the residential units in the approved development, whether developed in a single-phase development, or in a multi-phase development:

Maximum Percentage of Market-Rate Units Issued a Temporary or Final Certificate of Occupancy	Minimum Percentage of Affordable Units Issued a Temporary or Final Certificate of Occupancy
25+1	10

50	50
75	75
90	100

D. Design. The following design requirements apply to affordable housing developments, excluding prior round units.

1. Design of 100 percent affordable developments:
 - i. Restricted units must meet the minimum square footage required for the number of inhabitants for which the unit is marketed and the minimum square footage required for each bedroom, as set forth in the Neighborhood Preservation Balanced Housing rules at N.J.A.C. 5:43-2.4.
 - ii. Each bedroom in each restricted unit must have at least one window.
 - iii. Restricted units must include adequate air conditioning and heating.
2. Design of developments comprising market-rate rental units and restricted rental units. The following does not apply to prior round units, unless stated otherwise.
 - i. Restricted units must use the same building materials and architectural design elements (for example, plumbing, insulation, or siding) as market-rate units of the same unit type (for example, flat or townhome) within the same development, except that restricted units and market-rate units may use different interior finishes. This shall apply to prior round units.
 - ii. Restricted units and market-rate units within the same affordable development must be sited such that restricted units are not concentrated in less desirable locations.
 - iii. Restricted units may not be physically clustered so as to segregate restricted and market-rate units within the same development or within the same building, but must be interspersed throughout the development, except that age-restricted and supportive housing units may be physically clustered if the clustering facilitates the provision of on-site medical services or on-site social services. Prior round affordable units shall be integrated with market rate units to the extent feasible.
 - iv. Residents of restricted units must be offered the same access to communal amenities as residents of market-rate units within the same affordable development. Examples of communal amenities include, but are not limited to, community pools, fitness and recreation centers, playgrounds, common rooms and outdoor spaces, and building entrances and exits. This shall apply to prior round units.
 - v. Restricted units must include adequate air conditioning and heating and must use the same type of cooling and heating sources as market-rate units of the same unit type. This shall apply to prior round units.
 - vi. Each bedroom in each restricted unit must have at least one window.
 - vii. Restricted units must be of the same unit type as market-rate units within the same building.
 - viii. Restricted units and bedrooms must be no less than 90 percent of the minimum size prescribed by the Neighborhood Preservation Balanced Housing rules at N.J.A.C. 5:43-2.4.

3. Design of developments containing for-sale units, including those with a mix of rental and for-sale units. Restricted rental units shall meet the requirements of section b above. Restricted for-sale units shall comply with the below:
 - i. Restricted units must use the same building standards as market-rate units of the same unit type (for example, flat, townhome, or single-family home), except that restricted units and market-rate units may use different interior finishes. This shall apply to prior round units.
 - ii. Restricted units may be clustered, provided that the buildings or housing product types containing the restricted units are integrated throughout the development and are not concentrated in an undesirable location or in undesirable locations. Prior round affordable units shall be integrated with market rate units to the extent feasible.
 - iii. Restricted units may be of different unit housing product types than market-rate units, provided that there is a restricted option available for each market rate housing type. Developments containing market-rate duplexes, townhomes, and/or single-family homes shall offer restricted housing options that also include duplexes, townhomes, and/or single-family homes. Penthouses and higher priced end townhouses shall be exempt from this requirement. The proper ratio for restricted to market-rate unit type shall be subject to municipal ordinance or, if not specified, shall be determined at the time of site plan approval.
 - iv. Restricted units must meet the minimum square footage required for the number of inhabitants for which the unit is marketed and the minimum square footage required for each bedroom, as set forth in the Neighborhood Preservation Balanced Housing rules at N.J.A.C. 5:43-2.4.
 - v. Penthouse and end units may be reserved for market-rate sale, provided that the overall number, value, and distribution of affordable units across the development is not negatively impacted by such reservation(s).
 - vi. Residents of restricted units must be offered the same access to communal amenities as residents of market-rate units within the same affordable development. Examples of communal amenities include, but are not limited to, community pools, fitness and recreation centers, playgrounds, common rooms and outdoor spaces, and building entrances and exits. This shall apply to prior round units.
 - vii. Each bedroom in each restricted unit must have at least one window; and
 - viii. Restricted units must include adequate air conditioning and heating.
- E. Utilities.
 1. Affordable units shall utilize the same type of cooling and heating source as market-rate units within the affordable housing development.
 2. Tenant-paid utilities that are included in the utility allowance shall be so stated in the lease and shall be consistent with the utility allowance in accordance with N.J.AC 5:80-26.13(e).
- F. Low/moderate split and bedroom distribution.
 1. Affordable units shall be divided equally between low- and moderate-income units, except that where there is an odd number of affordable housing units, the extra unit shall be a low-income unit.

2. In each affordable housing development, at least 50 percent of the restricted units within each bedroom distribution rounded up to the nearest whole number shall be very low- or low-income units.
3. Within rental developments, of the total number of affordable rental units, at least 13 percent, rounded up to the nearest whole number, shall be affordable to very low-income households. The very low-income units shall be distributed between each bedroom count as proportionally as possible, to the nearest whole unit, to the total number of restricted units within each bedroom count, and counted as part of the required number of low-income units within the development.
4. Affordable housing developments that are not age-restricted or supportive housing shall be structured such that:
 - i. At a minimum, the number of bedrooms within the restricted units equals twice the number of restricted units;
 - ii. Two-bedroom and/or three-bedroom units compose at least 50 percent of all restricted units;
 - iii. The combined number of efficiency and one-bedroom units shall be no greater than 20 percent, rounded down, of the total number of low- and moderate-income units.
 - iv. At least 30 percent of all low- and moderate-income units, rounded up, shall be two-bedroom units.
 - v. At least 20 percent of all low- and moderate-income units, rounded up, shall be three-bedroom units.
 - vi. The remaining units may be allocated among two- and three- bedroom units at the discretion of the developer.
5. Affordable housing developments that are age-restricted or supportive housing, except those supportive housing units whose sponsoring program determines the unit arrangements, shall be structured such that, at a minimum, the number of bedrooms shall equal the number of age-restricted or supportive housing low- and moderate-income units within the inclusionary development. Supportive housing units whose sponsoring program determines the unit arrangement shall comply with all requirements of the sponsoring program. The standard may be met by having all one-bedroom units or by having a two-bedroom unit for each efficiency unit. In affordable housing developments with 20 or more restricted units that are age-restricted or supportive housing, two-bedroom units must comprise at least five percent of those restricted units.

G. Accessibility requirements.

1. Any new construction shall be adaptable; however, elevators shall not be required in any building or within any dwelling unit for the purpose of compliance with this section. In buildings without elevator service, only ground floor dwelling units shall be required to be constructed to conform with the technical design standards of the barrier free subcode. "Ground floor" means the first floor within a dwelling unit or portion of a dwelling unit, regardless of whether that floor is at grade. A building may have more than one ground floor.
2. Notwithstanding the exemption for townhouse dwelling units in the barrier free subcode, the first floor of all townhouse dwelling units and of all other multi-floor dwelling units that are attached to at least one other dwelling unit shall be subject to

the technical design standards of the barrier free subcode and shall include the following features:

- vi. An accessible entranceway as set forth in P.L. 2005, c. 350 (N.J.S.A. 52:27D-311a et seq.) and the Barrier Free Subcode, N.J.A.C. 5:23-7, or evidence that the municipality has collected funds from the developer sufficient to make 10 percent of the adaptable entrances in the development accessible:
 - (a) Where a unit has been constructed with an adaptable entrance, upon the request of a disabled person who is purchasing or will reside in the dwelling unit, an accessible entrance shall be installed.
 - (b) To this end, the builder of restricted units shall deposit funds within the Affordable Housing Trust Fund sufficient to install accessible entrances in 10 percent of the affordable units that have been constructed with adaptable entrances.
 - (c) The funds deposited shall be expended for the sole purpose of making the adaptable entrance of an affordable unit accessible when requested to do so by a person with a disability who occupies or intends to occupy the unit and requires an accessible entrance.
 - (d) The developer of the restricted units shall submit to the Construction Official a design plan and cost estimate for the conversion from adaptable to accessible entrances.
 - (e) Once the Construction Official has determined that the design plan to convert the unit entrances from adaptable to accessible meets the requirements of the Barrier Free Subcode, N.J.A.C. 5:23-7, and that the cost estimate of such conversion is reasonable, payment shall be made to the Affordable Housing Trust Fund and earmarked appropriately.
- vii. Full compliance with the foregoing provisions shall not be required where an entity can demonstrate that it is “site-impracticable” to meet the requirements. If full compliance with this section would be site impracticable, compliance with this section for any portion of the dwelling shall be required to the extent that it is not site impracticable. Determinations of site impracticability shall comply with the Barrier Free Subcode at N.J.A.C. 5:23-7.

§199-104 Affordable Housing Programs.

- A. Pursuant to the Act and the UHAC regulations at N.J.A.C. 5:80-26.1 et seq., the Township shall be entitled to rely upon regulations on municipal credits, adjustments, and compliance mechanisms adopted by the Council on Affordable Housing at N.J.A.C. 5:93 and 5:97 that are most favorable to the Township, unless those regulations are contradicted by statute, including but not limited to P.L. 2024, c.2, or binding court decisions. Additional compliance details are included in the Township's specific municipal program manuals, which are located and on file in the Office of the Township Municipal Clerk, the Office of the Township Municipal Housing Liaison, and on the Township's website.

With the exception of units established with capital funding through a 20-year operating contract with the Department of Human Services, Division of Developmental Disabilities, group homes, residential health care facilities, supportive shared living housing and permanent supportive housing shall have the appropriate controls on affordability in accordance with the Act. In the event that a supportive housing provider is unable to record or execute a long-term deed restriction, the units shall be subject to annual recertification by the Municipal Housing Liaison to confirm continued occupancy and compliance with this Section.

- C. Updated regional income limits are effective as of the effective date of the regional Section 8 income limits for the year, as published by HUD, or 45 days after HUD publishes the regional Section 8 income limits for the year, whichever comes later. §199-106 Maximum Initial Rents and Sales Prices.

- A. In establishing rents and sales prices of affordable housing units, the Administrative Agent shall follow the procedures set forth in UHAC.
- B. The average rent for all restricted units within each affordable housing development shall be affordable to households earning no more than 52 percent of regional median income.
- C. The maximum rent for restricted rental units within each affordable housing development shall be affordable to households earning no more than 60 percent of regional median income. The maximum rent may be increased to no more than 60 percent of regional median income for moderate-income units within affordable developments where very-low-income units compose at least 13 percent of the restricted units; however, the number of units with rent affordable to households earning 60 percent of regional median income may not exceed the number of very-low-income units in excess of 13 percent (rounded up) of the restricted units.
- D. The developers and/or municipal sponsors of restricted rental units shall establish at least one rent for each bedroom type for both low-income and moderate-income units, provided that at least 13 percent of all low- and moderate-income rental units shall be affordable to households earning no more than 30 percent of median income. These very low-income units shall be part of the low-income requirement and very-low-income units should be distributed between each bedroom count as proportionally as possible, to the nearest whole unit, to the total number of restricted units within each bedroom count.
- E. The maximum sales price of restricted ownership units within each affordable housing development shall be affordable to households earning no more than 60 percent of median income, and each affordable housing development must achieve an affordability average that does not exceed 55 percent for all restricted ownership units. In achieving this affordability average, moderate-income ownership units must be available for at least three different prices for each bedroom type, and low-income ownership units must be available for at least two different prices for each bedroom type when the number of low- and moderate-income units permits.

- F. The master deeds and declarations of covenants and restrictions for affordable developments may not distinguish between restricted units and market-rate units in the calculation of any condominium or homeowner association fees and special assessments to be paid by low- and moderate-income purchasers and those to be paid by market-rate purchasers.
- G. Notwithstanding the foregoing, condominium units subject to a municipal ordinance adopted before December 20, 2004, which ordinance provides for condominium or homeowner association fees and/or assessments different from those provided for in this subsection are governed by such prior ordinance. Consistent with the Township's prior ordinance, homeowner's associations shall not be permitted to increase the percentage of common area maintenance fees for any 95/5 Unit or Prior Round Unit that first received an initial certificate of occupancy prior to December 20, 2004 unless the 95/5 Unit or Prior Round Unit has been released from the affordability controls and the Township has not otherwise taken action to extend the initial affordable control period for an additional period of time.
- H. In determining the initial sales prices and rents for compliance with the affordability average requirements for restricted family units, the following standards shall be met:
1. A studio or efficiency unit shall be affordable to a one-person household;

- J. The initial purchase price for all restricted ownership units shall be calculated so that the monthly carrying cost of the unit, including principal and interest (based on a mortgage loan equal to 95 percent of the purchase price and the FreddieMac 30-Year Fixed Rate-Mortgage rate of interest), property taxes, homeowner and private mortgage insurance and condominium or homeowner association fees do not exceed 30 percent of the eligible monthly income of the appropriate size household as determined pursuant to N.J.A.C. 5:80-26.7, as may be amended and supplemented; provided, however, that the price shall be subject to the affordability average requirement of N.J.A.C. 5:80-26.4, as may be amended and supplemented.
- K. The initial rent for a restricted rental unit shall be calculated so that the total monthly housing expense, including an allowance for tenant-paid utilities, does not exceed 30 percent of the gross monthly income of a household of the appropriate size whose income is targeted to the applicable percentage of median income for the unit, as determined

pursuant to N.J.A.C. 5:80-26.3, as may be amended and supplemented. The rent shall also comply with the affordability average requirement of N.J.A.C. 5:80-26.4, as may be amended and supplemented. The initial rent for a restricted rental unit shall be calculated so the eligible monthly housing expenses/income, including an allowance for tenant-paid utilities does not exceed 30 percent of gross income of and the appropriate household size as determined pursuant to N.J.A.C. 5:80-26.3, as may be amended and supplemented.

- L. At the anniversary date of the tenancy of the certified household occupying a restricted rental unit, following proper notice provided to the occupant household pursuant to N.J.S.A. 2A:18-61.1.f, the rent may be increased to an amount commensurate with the annual percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U), specifically U.S. Bureau of Labor Statistics Series CUUR0100SAH, titled "Housing in Northeast urban, all urban consumers, not seasonally adjusted." Rent increases for units constructed pursuant to Low-Income Housing Tax Credit regulations shall be indexed pursuant to the regulations governing Low-Income Housing Tax Credits.

§199-107 Affirmative Marketing.

- A. Developers, program sponsors and landlords of affordable developments shall be required to comply with the Township's most recently court approved Affirmative Marketing Plan with respect to the marketing of initial sales and rentals and resales and re-rentals of affordable units within the Township.
- B. The Affirmative Marketing Plan is a regional marketing strategy designed to attract buyers and/or renters of all majority and minority groups, regardless of race, creed, color, national origin, ancestry, marital or familial status, gender, affectional or sexual orientation, disability, age, or number of children, to housing units which are being marketed by a developer, sponsor or owner of affordable housing. The Affirmative Marketing Plan is intended to target those potentially eligible persons who are least likely to apply for affordable units in that region. It is a continuing program that directs all marketing activities toward Housing Region 2 and is required to be followed throughout the period of deed restriction.
- C. The Affirmative Marketing Plan provides the following preferences, provided that units that remain unoccupied after these preferences are exhausted may be offered to households without regard to these preferences.
 - 1.  - ii. If the resale occurs on or after such anniversary date, the maximum resale price is the most recent non-exempt purchase price increased to reflect the cumulative annual percentage increases to the regional median income, effective as of the same date as the regional median income calculated pursuant to N.J.A.C. 5:80-26.3
 3. The owners of restricted ownership units may apply to the Administrative Agent to increase the maximum sales price for the unit on the basis of anticipated capital improvements. Eligible capital improvements shall be:

- B. In addition to A. above, the owner of rental developments containing affordable rental units subject to this subchapter or the assigned management company thereof shall:
1. Send to all current tenants in all restricted rental units an annual mailing containing a notice as to the maximum permitted rent and a reminder of the requirement that the unit must remain their principal place of residence, which is defined as residing in the unit at least 260 days out of each calendar year, together with the telephone number, mailing address, and email address of the administrative agent to whom complaints of excess rent can be issued.
 2. Provide to the administrative agent a description of any applicable fees.
 3. Provide to the administrative agent a description of the types of utilities and which utilities will be included in the rent.
 4. Agree and ensure that the utility configuration established at the start of the rent-up process not be altered at any time throughout the restricted period.
 5. Provide to the administrative agent a proposed form of lease for any rental units.
 6. Ensure that the tenant selection criteria for the applicants for affordable units not be more restrictive than the tenant selection criteria for applicants for non-restricted units.
 7. Strive to maintain the continued occupancy of the affordable units during the entire restricted period.
- C. In addition to A. above, the owner of affordable for-sale developments containing affordable for-sale units subject to this subchapter or the assigned management company thereof shall provide the administrative agent:
1. Proposed pricing for all units, including any purchaser options and add-on items.

2. Condominium or homeowner association fees and any other applicable fees.
3. Estimated real property taxes.
4. Sewer, water, trash disposal, and any other utility assessments.
5. Flood insurance requirement, if applicable.
6. The State-approved planned real estate development public offering statement and/or master deed, where applicable, as well as the full build-out budget.

§199-120 Enforcement of Affordable Housing Regulations.

- A. Upon the occurrence of a breach of any of the regulations governing the affordable unit by an owner, developer or tenant, the municipality shall have all remedies provided at law or equity, including but not limited to foreclosure, tenant eviction, municipal fines, a requirement for household recertification, acceleration of all sums due under a mortgage, recoupment of any funds from a sale in the violation of the regulations, injunctive relief to prevent further violation of the regulations, entry on the premises, and specific performance.
- B. After providing written notice of a violation to an owner, developer or tenant of an affordable unit and advising the owner, developer or tenant of the penalties for such violations, the municipality may take the following action against the owner, developer or tenant for any violation that remains uncured for a period of 60 days after service of the written notice:
 1. The municipality may file a court action pursuant to N.J.S.A. 2A:58-11 alleging a violation, or violations, of the regulations governing the affordable housing unit. If the owner, developer or tenant is found by the Court to have violated any provision of the regulations governing affordable housing units the owner, developer or tenant shall be subject to one or more of the following penalties, at the discretion of the Court:
 - i. A fine of not more than \$2000 per day or imprisonment for a period not to exceed 90 days, or both, unless otherwise specified below, provided that each and every day that the violation continues or exists shall be considered a separate and distinct violation of these provisions and not a continuation of the initial offense;
 - ii. In the case of an owner who has rented his or her low- or moderate-income unit in violation of the regulations governing affordable housing units, payment into the Affordable Housing Trust Fund of the gross amount of rent illegally collected;
 - iii. In the case of an owner who has rented his or her affordable unit in violation of the regulations governing affordable housing units, payment of an innocent tenant's reasonable relocation costs, as determined by the Court.
- C. The municipality shall have the authority to levy fines against the owner of the development for instances of noncompliance with NJHRC advertising requirements (N.J.S.A. 52:27D-321.6.e.(2)), following written notice to the owner. The fine for the first offense of noncompliance shall be \$5,000, the fine for the second offense of noncompliance shall be \$10,000, and the fine for each subsequent offense of noncompliance shall be \$15,000.
- A. The municipality may file a court action in the Superior Court seeking a judgment, which would result in the termination of the owner's equity or other interest in the unit, in the nature of a mortgage foreclosure. Any judgment shall be enforceable as if the same were a judgment of default of the first purchase money mortgage and shall constitute a lien against the low- or moderate-income unit.

1. Such judgment shall be enforceable, at the option of the municipality, by means of an execution sale by the Sheriff, at which time the affordable unit of the violating owner shall be sold at a sale price which is not less than the amount necessary to fully satisfy and pay off any first purchase money mortgage and prior liens and the costs of the enforcement proceedings incurred by the municipality, including attorney's fees. The violating owner shall have the right to possession terminated as well as the title conveyed pursuant to the Sheriff's sale.
2. The proceeds of the Sheriff's sale shall first be applied to satisfy the first purchase money mortgage lien and any prior liens upon the low- or moderate-income unit. The excess, if any, shall be applied to reimburse the municipality for any and all costs and expenses incurred in connection with either the court action resulting in the judgment of violation or the Sheriff's sale. In the event that the proceeds from the Sheriff's sale are insufficient to reimburse the municipality in full as aforesaid, the violating owner shall be personally responsible for the full extent of such deficiency, in addition to any and all costs incurred by the municipality in connection with collecting such deficiency. In the event that a surplus remains after satisfying all of the above, such surplus shall be placed in escrow by the municipality for the owner and shall be held in such escrow for a maximum period of two years or until such earlier time as the owner shall make a claim with the municipality for such. Failure of the owner to claim such balance within the two-year period shall automatically result in a forfeiture of such balance to the municipality. Any interest accrued or earned on such balance while being held in escrow shall belong to and shall be paid to the municipality, whether such balance shall be paid to the owner or forfeited to the municipality.
3. Foreclosure due to violation of the regulations governing affordable housing units shall not extinguish the restrictions of the regulations governing affordable housing units as they apply to the low- and moderate-income unit. Title shall be conveyed to the purchaser at the Sheriff's sale, subject to the restrictions and provisions of the regulations governing the affordable housing unit. The owner determined to be in violation of the provisions of this plan and from whom title and possession were taken by means of the Sheriff's sale shall not be entitled to any right of redemption.
4. If there are no bidders at the Sheriff's sale, or if insufficient amounts are bid to satisfy the first purchase money mortgage and any prior liens, the municipality may acquire title to the affordable unit by satisfying the first purchase money mortgage and any prior liens and crediting the violating owner with an amount equal to the difference between the first purchase money mortgage and any prior liens and costs of the enforcement proceedings, including legal fees and the maximum resale price for which the affordable unit could have been sold under the terms of the regulations governing affordable housing units. This excess shall be treated in the same manner as the excess that would have been realized from an actual sale as previously described.
5. Failure of the low- or moderate-income unit to be either sold at the Sheriff's sale or acquired by the municipality shall obligate the owner to accept an offer to purchase from any qualified purchaser that may be referred to the owner by the municipality, with such offer to purchase being equal to the maximum resale price of the low- or moderate-income unit as permitted by the regulations governing affordable housing units.

6. The affordable unit owner shall remain fully obligated, responsible and liable for complying with the terms and restrictions of governing affordable housing units until such time as title is conveyed from the owner.
- B.** It is the responsibility of the municipal housing liaison and the administrative agent(s) to ensure that affordable housing units are administered properly. All affordable units must be occupied within a reasonable amount of time and be re-leased within a reasonable amount of time upon the vacating of the unit by a tenant. If an administrative agent or municipal housing liaison becomes aware of or suspects that a developer, landlord, or property manager has not complied with these regulations, it shall report this activity to the Division. The Division must notify the developer, landlord, or property manager, in writing, of any violation of these regulations and provide a 30-day cure period. If, after the 30-day cure period, the developer, landlord, or property manager remains in violation of any terms of this subchapter, including by keeping a unit vacant, the developer, landlord, or property manager may be fined up to the amount required to construct a comparable affordable unit of the same size and the deed-restricted control period will be extended for the length of the time the unit was out of compliance, in addition to the remedies provided for in this section. For the purposes of this subsection, a reasonable amount of time shall presumptively be 60 days, unless a longer period of time is required due to demonstrable market conditions and/or failure of the municipal housing liaison or the administrative agent to refer a certified tenant.
 - C.** Banks and other lending institutions are prohibited from issuing any loan secured by owner occupied real property subject to the affordability controls set forth in this subchapter if such loan would be in excess of amounts permitted by the restriction documents recorded in the deed or mortgage book in the county in which the property is located. Any loan issued in violation of this subsection is void as against public policy.
 - D.** The Agency and the Department hereby reserve, for themselves and for each administrative agent appointed pursuant to this subchapter, all of the rights and remedies available at law and in equity for the enforcement of this subchapter, including, but not limited to, fines, evictions, and foreclosures as approved by a county-level housing judge.
 - E.** Appeals
 1. Appeals from all decisions of an administrative agent appointed pursuant to this subchapter must be filed, in writing, with the municipal housing liaison. A decision by the municipal housing liaison may be appealed to the Division. A written decision of the Division Director upholding, modifying, or reversing an administrative agent's decision is a final administrative action.

§199-121 Development Fees.

A. Purpose

This section establishes standards for the collection, maintenance, and expenditure of development fees that are consistent with the amended Fair Housing Act (P.L.2024, c.2), N.J.A.C. 5:99, and the Statewide Non-Residential Development Fee Act (C. 40:55D-8.1 through 8.7). Fees collected pursuant to this Ordinance shall be used for the sole purpose of providing very low-, low- and moderate-income housing in accordance with a Court-approved Spending Plan.

B. Basic Requirements

The municipality previously adopted a development fee ordinance, which established the Municipal Affordable Housing Trust Fund.

C. Residential Development Fees

1. Imposed fees

i. Residential developers, except for developers of the types of development specifically exempted below, shall pay a fee of 1.5% of the equalized assessed value for residential development, provided no increased density is permitted. Development fees shall also be imposed and collected when an additional dwelling unit is added to an existing residential structure; in such cases, the fee shall be calculated based on the increase in the equalized assessed value of the property due to the additional dwelling unit.

ii. When an increase in residential density is permitted pursuant to a “d” variance granted under N.J.S.A. 40:55D-60d(5), developers shall be required to pay a “bonus” development fee of 6.0% of the equalized assessed value for each additional unit that may be realized, except that this provision shall not be applicable to a development that will include affordable housing. If the zoning on a site has changed during the two-year period preceding the filing of such a variance application, the base density for the purposes of calculating the bonus development fee shall be the highest density permitted by right during the two-year period preceding the filing of the variance application.

Example: If an approval allows four units to be constructed on a site that was zoned for two units, the fees could equal 1.5% of the equalized assessed value on the first two units; and the specified higher percentage of 6% of the equalized assessed value for the two additional units, provided zoning on the site has not changed during the two-year period preceding the filing of such a variance application.

2. Eligible exactions, ineligible exactions and exemptions for residential development

i. Affordable housing developments, developments where the developer is providing for the construction of affordable units elsewhere in the municipality, and developments where the developer has made an eligible payment in lieu of on-site construction of affordable units, if permitted by ordinance, or by agreement with the municipality shall be exempt from development fees.

ii. Developments that have received preliminary or final site plan approval prior to the adoption of this ordinance and any preceding ordinance permitting the collection of development fees shall be exempt from the payment of development fees, unless the developer seeks a substantial change in the original approval. Where a site plan approval does not apply, the issuance of a zoning and/or building permit shall be synonymous with preliminary or final site plan approval for the purpose of determining the right to an exemption. In all cases, the applicable fee percentage shall be determined based upon the development fee ordinance in effect on the date that the construction permit is issued.

iii. Development fees shall be imposed and collected when an existing structure undergoes a change to a more intense use or is demolished and replaced. The development fee shall be calculated on the increase in the equalized assessed value of the improved structure.

iv. No development fee shall be collected for the demolition and replacement of a residential building resulting from a fire or natural disaster.

- v. Developers of low- and moderate-income units shall be exempt from paying development fees.
- vi. All single-family residential additions, renovations and accessory structures shall be exempt; however, all new residential dwelling units shall be subject to a development fee.
- vii. All multifamily additions, renovations and accessory structures not requiring site plan approval shall be exempt; however, all new residential dwelling units shall be subject to a development fee.

D. Non-Residential Development Fees

- 1. Imposition of fees
 - i. Within all zoning districts, non-residential developers, except for developers of the types of development specifically exempted, shall pay a fee equal to 2.5% of the equalized assessed value of the land and improvements, for all new non-residential construction on an unimproved lot or lots.
 - ii. Within all zoning districts, non-residential developers, except for developers of the types of development specifically exempted, shall also pay a fee equal to 2.5% of the increase in equalized assessed value resulting from any additions to existing structures to be used for non-residential purposes.
 - iii. Development fees shall be imposed and collected when an existing structure is demolished and replaced. The development fee of 2.5% shall be calculated on the difference between the equalized assessed value of the pre-existing land and improvements and the equalized assessed value of the newly improved structure; i.e., land and improvements; and such calculation shall be made at the time a final certificate of occupancy is issued. If the calculation required under this section results in a negative number, the non-residential development fee shall be zero.
- 2. Eligible exactions, ineligible exactions and exemptions for non-residential development
 - i. The non-residential portion of a mixed-use inclusionary or market-rate development shall be subject to a 2.5% development fee, unless otherwise exempted below.
 - ii. The 2.5% fee shall not apply to an increase in equalized assessed value resulting from alterations, change in use within existing footprint, reconstruction, renovations and repairs.
 - iii. Non-residential developments shall be exempt from the payment of non-residential development fees in accordance with the exemptions required pursuant to the Statewide Non-Residential Development Fee Act (N.J.S.A. 40:55D-8.1 through 8.7), as specified in Form N-RDF “State of New Jersey Non-Residential Development Certification/Exemption.” Any exemption claimed by a developer shall be substantiated by that developer.
 - iv. A developer of a non-residential development exempted from the non-residential development fee pursuant to the Statewide Non-Residential Development Fee Act shall be subject to the fee at such time as the basis for the exemption no longer applies, and shall make the payment of the non-residential development fee, in that

event, within three years after that event or after the issuance of the final certificate of occupancy of the non-residential development, whichever is later.

- v. If a property that was exempted from the collection of a non-residential development fee thereafter ceases to be exempt from property taxation, the owner of the property shall remit the fees required pursuant to this section within 45 days of the termination of the property tax exemption. Unpaid non-residential development fees under these circumstances may be enforceable by the municipality as a lien against the real property of the owner.

E. Collection Procedures

1. Upon the granting of a preliminary, final or other applicable approval for a development, the applicable approving authority shall direct its staff to notify the construction official responsible for the issuance of a building permit.
2. For non-residential developments only, the developer shall also be provided with a copy of Form N-RDF, "State of New Jersey Non-Residential Development Certification/Exemption," to be completed by the developer as per the instructions provided in the Form N-RDF. The construction official shall verify the information submitted by the non-residential developer as per the instructions provided on Form N-RDF. The tax assessor shall verify exemptions and prepare estimated and final assessments as per the instructions provided in Form N-RDF.
3. The construction official responsible for the issuance of a building permit shall notify the tax assessor of the issuance of the first construction permit for a development that is subject to a development fee.
4. Within 90 days of receipt of that notice, the tax assessor shall provide an estimate, based on the plans filed, of the equalized assessed value of the development.
5. The construction official responsible for the issuance of a final certificate of occupancy shall notify the tax assessor of any and all requests for the scheduling of a final inspection on property that is subject to a development fee.
6. Within 10 business days of a request for the scheduling of a final inspection, the tax assessor shall confirm or modify the previously estimated equalized assessed value of the improvements associated with the development; calculate the development fee; and thereafter notify the developer of the amount of the fee.
7. Should the municipality fail to determine or notify the developer of the amount of the development fee within 10 business days of the request for final inspection, the developer may estimate the amount due and pay that estimated amount consistent with the dispute process set forth in Subsection b. of section 37 of P.L.2008, c.46 (N.J.S.A. 40:55D-8.6).
8. Fifty percent (50%) of the development fee shall be collected at the time of issuance of the construction permit. The remaining portion shall be collected at the time of issuance of the certificate of occupancy. The developer shall be responsible for paying the difference between the fee calculated at the time of issuance of the construction permit and that determined at the time of issuance of certificate of occupancy.

F. Appeal of development fees

1. A developer may challenge residential development fees imposed by filing a challenge with the County Board of Taxation. Pending a review and determination by that board,

collected fees shall be placed in an interest-bearing escrow account by the municipality. Appeals from a determination of the board may be made to the Tax Court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

2. A developer may challenge non-residential development fees imposed by filing a challenge with the director of the Division of Taxation. Pending a review and determination by the director, which shall be made within 45 days of receipt of the challenge, collected fees shall be placed in an interest-bearing escrow account by the municipality. Appeals from a determination of the director may be made to the Tax Court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

G. Affordable Housing Trust Fund.

1. A separate, interest-bearing Municipal Affordable Housing Trust Fund shall be maintained by the chief financial officer of the municipality for the purpose of depositing development fees collected from residential and non-residential developers and proceeds from the sale of units with extinguished controls.
2. The following additional funds shall be deposited in the Municipal Affordable Housing Trust Fund and shall at all times be identifiable by source and amount:
 - i. Payments in lieu of on-site construction of an affordable unit;
 - ii. Funds contributed by developers to make 10% of the adaptable entrances in a townhouse or other multistory attached dwelling unit development accessible;
 - iii. Rental income from municipally operated units;
 - iv. Repayments from affordable housing program loans;
 - v. Recapture funds;
 - vi. Proceeds from the sale of affordable units; and
 - vii. Any other funds collected in connection with the municipal affordable housing program including but not limited to interest earned on fund deposits.
3. The municipality shall provide the Division with written authorization, in the form of a tri-party escrow agreement(s) between the municipality, the Division and the financial institution in which the municipal affordable housing trust fund has been established to permit the Division to direct the disbursement of the funds as provided for in N.J.A.C. 5:99-2.1 et seq.
4. All interest accrued in the housing trust fund shall only be used on eligible affordable housing purposes approved by the Court.

H. Use of Funds

1. Affordable Housing Trust Fund may be used for any activity approved by the Court to address the fair share obligation and may be set up as a grant or revolving loan program. Such activities include, but are not limited to: preservation or purchase of housing for the purpose of maintaining or implementing affordability controls; housing rehabilitation; new construction of affordable housing units and related costs; accessory apartments; a market-to-affordable program; conversion of existing non-residential

- buildings to create new affordable units; green building strategies designed to be cost-saving and in accordance with accepted national or state standards; purchase of land for affordable housing; improvement of land to be used for affordable housing; extensions or improvements of roads and infrastructure to affordable housing sites; financial assistance designed to increase affordability; administration necessary for implementation of the Housing Element and Fair Share Plan; and/or any other activity permitted by Superior Court and specified in the approved Spending Plan.
2. Funds shall not be expended to reimburse the municipality or activities that occurred prior to the authorization of a municipality to collect development fees.
 3. At least a portion of all development fees collected and interest earned shall be used to provide affordability assistance to very low-, low- and moderate-income households in affordable units included in the municipal Fair Share Plan. A portion of the development fees which provide affordability assistance shall be used to provide affordability assistance to very low-income households.
 - i. Affordability assistance programs may include down payment assistance, security deposit assistance, low-interest loans, rental assistance, assistance with homeowners association or condominium fees and special assessments, infrastructure assistance, and assistance with emergency repairs. The specific programs to be used for affordability assistance shall be identified and described within the Spending Plan.
 - ii. Affordability assistance for very low income households may include producing very low-income units or buying down the cost of low- or moderate-income units in the municipal Fair Share Plan to make them affordable to households earning 30% or less of median income.
 4. No more than 20% of all affordable housing trust funds, exclusive of those collected to fund an RCA prior to July 17, 2008, shall be expended on administration, including, but not limited to, salaries and benefits for municipal employees or consultants' fees necessary to develop or implement a new construction program, prepare and implement a Housing Element and Fair Share Plan, administer an Affirmative Marketing Program and for compliance with the Superior Court and the Program including the costs to the municipality of resolving a challenge.

SECTION 4. In the event of any inconsistencies between the provisions of this Ordinance and any prior ordinance of the Township of Andover, the provisions hereof shall be determined to govern. All other parts, portions and provisions of the Revised General Ordinances of the Township of Andover are hereby ratified and confirmed, except where inconsistent with the terms hereof.
